## Child Safety Standards

### Child Empowerment

#### **Rationale:**

Children have the right to give their views and opinions about decisions that affect them and to be listened to. Empowerment is about helping children to have their say. Children are more likely to speak up about their concerns about feeling unsafe, or make a complaint, if they feel their views are valued and welcomed.

#### **Implementation:**

Noojee Primary School will develop strategies to deliver appropriate education about:

- standards of behaviour for students attending the school;
- healthy and respectful relationships (including sexuality);
- resilience; and
- child abuse awareness and prevention.

Noojee Primary School will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children.
