**To ensure the provision of high quality education for our students with an emphasis on the total development of the child through ongoing confidence building and learning activities:**

At Noojee Primary School we aim to develop our students to their highest level academically, socially and personally, in a pleasant stimulating environment.

Our staff works as a team to plan and provide programs in eight key learning areas:

English, Maths, Science, Technology, Art, Health & Physical Education, Studies of Society & Environment and LOTE (Chinese).

The school has established a secure learning environment and has high quality professional leadership. We have a shared vision and goals which support student learning.

Our heterogeneous profile means that in any given class a range of student ability exists. Within this diversity, our school aims to challenge all students to become optimistic, resilient, creative and critical thinkers. We seek to promote our school values, Respect, Resilience and Reaching for the stars.

A values focus based on Respect, Resilience and Reaching for the stars – is encouraged across the school.

Included with this Student Welfare Policy is the School Student Engagement and Inclusion Guidance – see Appendix A.

## **2. Guidelines**

- 2.1** The school will focus on establishing positive and respectful relationships, particularly between teachers and students, and establishing a learning community that provides multiple and diverse opportunities for students to experience success.
- 2.2** The school will collaboratively develop and implement a fair and respectful whole-school behaviour management approach.
- 2.3** The school will encourage and provide multiple opportunities for parents/carers and members of the broader community to play an active part in the life of the school and the education of their children.
- 2.4** The school's curriculum will include pro-social values and behaviour to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.

- 2.5 The school will promote active student participation and provide students with a sense of ownership of their environment.
- 2.6 The school will support families to engage in their child's learning and build their capacity as active learners.
- 2.7 The school will establish social/emotional and educational support for vulnerable students and monitor and evaluate progress.
- 2.8 The school will have processes in place to identify and respond to individual students who require additional assistance and support.
- 2.9 The school will build strong links with the local community to gain access to an extended network of community members, professionals and educators who can provide expertise and experience that can build the capacity of our school and our teachers to respond to the needs of the students.

### **3. Program**

**3.1.1** The curriculum programs of the school will recognise and respond to the diverse needs of the school's students by:

- accommodating different learning profiles and rates of learning
- intervening early to identify and respond to individual student needs

**3.1.2** The school is committed to the delivery of an inclusive curriculum that ensures all our students have access to a quality education to meet their diverse needs.

To improve educational outcomes for students with disabilities, the following key strategies are in place:

- providing parents/carers with a learning program that best suits their child's needs
- involving students and parents in programming and planning decisions
- supporting students access to programs that let them pursue achievable pathways
- ensuring the expertise of teachers working in our school is maintained and developed

**3.2** Our school will implement a whole-school behaviour management approach that is based on pro-social values, social competencies, incentives and positive peer relationships.

The key focus will be on prevention and early intervention strategies that:

- define and teach school-wide and classroom expectations
- establish consistent school-wide and classroom consequences for problem behaviour
- establish school-wide and classroom processes for early identification of students experiencing academic and/ or behaviour difficulty
- provide school-wide and classroom processes for ongoing collection and use of data for decision-making

- empower students by creating multiple opportunities for them to take responsibility and be involved in decision-making
- provide a physical environment conducive to positive behaviours and effective engagement in learning
- utilise evidence-based interventions, monitored regularly for those students who face difficulty with learning and/or behaviour

[Calmer Classrooms: A Guide to Working with Traumatized Children](#), developed by the Office of the Child Safety Commissioner, provides teachers and schools with effective relationship based classroom and school-wide strategies.

**3.3** Involvement in our school by parents and carers helps children achieve the best possible learning outcomes. Parents and carers will be provided with the opportunity to participate in school life, both formally and informally, through school council, the Parent Association, volunteering and staying up to date with news about what is happening in education via our newsletter.

**3.4** The school's strategies to promote pro-social values will be whole-school in focus and include close links with curriculum. The Victorian Curriculum includes the learning domain of Physical, Personal and Social Learning, which encourages students to work with others, and to take greater responsibility for their own learning and participation at school. In the context of the Victorian Curriculum, the school curriculum will include pro-social values and behaviours to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.

**3.5** Student voice/student participation is about valuing people and valuing the learning that results when we engage the capacities and multiple voices in the school. It focuses on realising the leadership potential inherent within all learners. There are five dimensions to student participation:

1. student involvement in school and community development
2. students as researchers and co-enquirers
3. student feedback on teaching and learning
4. students as peer-tutors
5. student involvement as a manifestation of inclusion principles

The school promotes active 'student participation' as an avenue for improving student outcomes and facilitating school change. Student participation ranges from young people sharing their opinions of problems and potential solutions through focus groups associated with school strategic planning. It also includes our students sharing their 'voice' by collaborating with teachers to actually improve education outcomes, including helping to improve teaching, curriculum and teacher-student relationships and leading to changes in student assessment.

**3.6** The school will support families to engage in their child's learning and build their capacity as active learners. It provides an environment that welcomes all parents/carers and is responsive to them as partners in learning. The school will

ensure that the unique experiences and skills of our students' families enrich the learning environment and the school community.

The school will create successful partnerships with parents/carers and families by:

- ensuring all parents/carers are aware of the school's Student Welfare Policy
- conducting effective school-to-home and home-to-school communications
- providing volunteer opportunities to enable parents/carers and students to contribute
- involving families with homework and other curriculum-related activities
- involving families as participants in school decision-making
- coordinating resources and services from the community for families, students and the school
- providing opportunities to enhance parenting knowledge and skills

**3.7.1** Implementing preventative and early intervention strategies to support positive behaviours is a key part of the Student Welfare Policy at our school. Prevention and early intervention strategies the school will deploy include:

- defining and teaching school-wide and classroom expectations
- establishing consistent school-wide and classroom consequences for problem behaviour
- establishing school-wide and classroom processes for early identification of students experiencing academic and/ or behaviour difficulty
- providing school-wide and classroom processes for the ongoing collection and use of data for decision-making
- empowering students by creating multiple opportunities for them to take responsibility and be involved in decision-making
- providing a physical environment conducive to positive behaviours and effective engagement in learning
- utilise evidence-based interventions, monitored regularly for those students who face difficulty with learning and/or behaviour

**3.7.2** The school will promote and maintain high levels of student attendance and participation through:

- articulating high expectations to all members of the school community
- adopting consistent, rigorous procedures to monitor and record student absences
- following up student absences promptly and consistently
- implementing data-driven attendance improvement strategies
- creating safe, supportive learning environments where all students experience success through active participation and engagement in purposeful learning

- providing early identification of, and supportive intervention for, students at risk of non-attendance
- linking with local community groups and agencies to maximise program and individual support
- providing a staged response

**3.8.1** The school will use coordinated early intervention and prevention strategies to identify and respond to individual students who require additional assistance and support. The school will provide the following support structures:

- monitoring of, and responding to, protracted student absences
- trauma management plan
- protocol for mandatory reporting
- Student Support Group's for children in need
- bullying survey of students and school environment

**3.8.2** Longitudinal data will be collected regarding frequency and types of welfare issues, so as to measure the success or otherwise of school-based strategies and approaches.

Some sources of data are:

- the Attitudes to School Survey data
- school level report data
- parent survey data
- data from case management work with students

The Student Mapping Tool (previously known as the Students at Risk Mapping Tool) allows our school to easily identify students who have characteristics that are known to increase disengagement at school.

Risk Factors explored by the Student Mapping Tool include:

- poor attendance
- low literacy
- low numeracy
- problematic school behaviour and relationships through the number of suspensions and the number of days suspended
- low income or unemployed family background - the occupation code of parents
- Koorie or Torres Strait Islander background
- refugee or ESL status

- presence of a physical disability
- presence of learning disorders leading to integration support
- receipt of Youth Allowance
- restricted access arrangements as a result of parent separation
- presence of a risk alert
- experience of significant health issues

**3.9** The school will utilise relevant external student wellbeing support services in order to identify and address the barriers to learning that individual students may be facing. Such services to provide support for students and staff include:

- psychologist for psychological and academic assessment
- mentors – providing support for ‘at risk’ children
- Department of Human Services case managers and support workers
- social workers to provide services such as counselling, social skills and anger management programs
- youth agencies
- local parent support groups
- relevant DEECD support staff
- C.A.S.A. [Centre Against Sexual Assault]
- School Focused Youth Service (SFYS)

## **APPENDIX A:**

### **SCHOOL**

#### **STUDENT MANAGEMENT POLICY & PROCESSES**

##### **1. Whole-School Student Management Statement**

The school actively seeks to engage with parents and the community to ensure a positive and inclusive school culture in which every student has the opportunity to succeed. The school works collaboratively with students and parents/ carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

The school appreciates its diverse student and parent population, and has measures in place to ensure all students enjoy the same level of access to the school's curriculum and co-curricular programs. Our teaching and learning philosophy is important in engaging all students in their academic learning.

Student wellbeing (social, emotional and cognitive engagement) is addressed in a number of ways. At risk students are supported by our staff in collaboration with the West Gippsland Network School Services Support Officers (SSSO team).

When relationships break down between members of the school community, we use "Restorative Practices" to restore and rebuild these. Staged responses are implemented in addressing ongoing behavioural issues, and suspension from school is viewed as a last resort.

The school places an emphasis on 100% attendance, and has in place attendance targets. Attendance is monitored throughout the day, and student absences are followed up by the office. Attendance conferences are an important mechanism through which teachers and parents can work together to combat absenteeism and truancy. (Refer to our Attendance Policy).

The school values parent / carer input into its operations and curriculum offerings and seeks feedback through the Parent Opinion survey, and from parent representatives on School Council. The School Council provides financial assistance and encouragement to the Parents' Association in our efforts to build a sense of community.

##### **2. Rights and Responsibilities:**

It is the right of all members of the School community to experience a safe, pleasant and supportive learning and teaching environment. Staff, students and parents/ carers have a right to be treated with respect, and enjoy an environment free from bullying (including cyber

bullying), harassment, violence, discrimination or intimidation. (Refer to our Anti-Bullying Policy, Equal Opportunity Policy, Disability and Impairment Policy and Multicultural Policy).

Teachers also have the rights to be informed, within Privacy requirements, about matters relating to students that may impact on their teaching and learning for that student.

Students have a responsibility to contribute positively to the educational experience for themselves and other students, to participate fully in the school's educational program, and to ensure that their behaviours demonstrate respect for themselves, their peers, their teachers and all other members of the school community.

Parents/ carers have a responsibility to take an active interest in their child's educational progress, model and reinforce positive behaviours and ensure their child's regular attendance. They have a responsibility to support the school in maintaining a safe and respectful learning environment for all students, and engage in regular and constructive communication with school staff regarding their child's learning.

Teachers have a responsibility to demonstrate the standards set by the Victorian Institute of Teaching. That is, to know how students learn and how to teach them effectively, know the content they teach, know their students, plan and assess for effective learning, create and maintain safe and challenging learning environments, and use a range of strategies to engage students in effective learning. Teachers also have a responsibility to fairly, reasonably and consistently implement the Student Engagement Policy and Behaviour Policy.

All members have an obligation to ensure school property is appropriately used and maintained.

**5. School Action and Consequences**

[Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at the School under any circumstances.](#)

Student engagement, regular attendance and positive behaviours will be supported through relationship based whole-school classroom practices, including targeted and

individualised support when required. (Please refer to our Attendance Policy and Behaviour Policy). Whole school practices include:

- Establishing predictable, fair and democratic classrooms and school environments
- Ensuring student participation in the development of classroom and whole school expectations
- Providing personalised learning programs where appropriate for individual students
- Consistently acknowledging all students
- Empowering students by creating multiple opportunities to take responsibility and be involved in decision –making
- Providing physical environments conducive to positive behaviours and effective engagement in learning

Inappropriate behaviours, including irregular attendance, will be supported through a staged response, including:

- Understanding the student's background and needs
- Ensuring a clear understanding of expectations by both students and teachers
- Providing consistent school and classroom environments
- Scaffolding the student's learning program
- Engaging in "Restorative Practices"

Broader support strategies will include:

- Involving and supporting the parent/carer
- Mentoring and /or counselling
- Convening student support group meetings
- Developing individualised learning, behaviour or attendance plans
- Providing broader educational programs ( work experience, camps)
- Involving community support agencies
- Contact with the Regional Office

Discipline Procedures – suspension and expulsion

A student may be excluded from school in situations where all other measures have been implemented without success, or where an immediate suspension is the only appropriate course of action in response to the student's behaviour which may put the health, safety and well-being of other students, staff or themselves at significant risk.

Consequences which may be used prior to suspension include:

- Withdrawal of privileges
- Use of behaviour and attendance sheets to monitor behaviour
- Withdrawal from class activities for a specified period. Where appropriate ,parents/carers will be informed of such withdrawals
- Detention: teachers may require a student to complete school work or additional work or duties at recess or lunch break, or afterschool. No more than half the break time may be given to detention and afterschool detentions will not exceed forty-five minutes. Parents will be informed at least the day prior to the detention and in family

circumstances where this would create undue hardship, the school may negotiate an alternative disciplinary measure with parents/carers.

- Convening of a school support group.

When considering suspension or expulsion, the school follows the Department of Early Childhood and Development's procedures (refer to section 4.3 of Effective Schools are Engaging Schools: Student Engagement Policy Guidelines).

## **APPENDIX B:**

### **SCHOOL**

### **MANAGING STUDENT BEHAVIOUR**

Effective schools are engaging schools which create a positive school culture. The primary focus is to provide a safe and supportive learning environment. Students can only learn effectively in environments in which they feel safe and supported, and where teachers have high expectations for their learning. Well run and democratic classrooms are central to the establishment of safe school environments.

#### ***Behaviour unchallenged is behaviour condoned***

#### ***Responsibilities of the Classroom Teacher / Principal:***

- **Involve and engage all students, set high expectations, seek feedback from students and “give out two messages to every child –‘you can succeed’ and ‘I will help you do that’.**
- **To be familiar with and implement the following two documents: “*Protocols for Maintaining an Orderly Learning Environment*” and “*Learning Environment: Rights and Responsibilities*”.**
- **To be familiar with the School Positive Behaviour Policy and be consistent in its implementation.**
- **Become practised in using restorative practices.**
- **When breaches of School Behaviour Policy occur, classroom teachers must follow protocol. Classroom teacher must provide *written* documentation including strategies taken to deal with the problem for these reasons before the matter is referred on to the Principal.**
- ***In extreme circumstances the threat is to be referred immediately to the Principal.***

#### **A. Promotion of Positive Behaviours:**

- Establish consistent school wide and classroom expectations, and classroom consequences for problem behaviour, involving the reinforcement of positive social behaviours and the use of restorative practices to improve student behaviour management outcomes. Assist individual teachers in implementing positive behaviour support and restorative practices.
- Document incidents relating to the management of student behaviours to inform decision making. When concerns arise about a student's on-going behaviour or when a student is displaying chronic patterns of problem behaviour, implement a targeted response to address the problem. This may involve the establishment of a student support group involving parents/carers/wellbeing coordinator.

**B. Attendance:**

- Articulate high expectations of attendance to all members of the school community
- Follow up absences on a daily basis and keep all staff, the Office Administration and Principal Class informed on student management issues.
- Participate in transition team meetings to develop the Student Mapping Tool.

***Responsibilities of the Principal:***

- Induct new staff on the school's Student Engagement guidelines.
- Supporting classroom teachers in the overall management of student behaviours.
- Monitoring the attendance strategy and Behaviour Policy.
- Ensuring the *Procedures for Suspension* are understood, and are adhered to.
- Developing, implementing and evaluating Student Engagement Policy Guidelines
- Developing prevention and early intervention programs and strategies that contribute to a positive school culture.
- Develop a whole school approach to student attendance .
- To support "Students at risk".
- To promote and assist all teachers in the use of restorative practices.

The Principal is responsible for student expulsions, and to ensure the Procedures for Expulsion are adhered to.

***School Action and Consequences***

Student engagement, regular attendance and positive behaviours will be supported through relationship based whole-school classroom practices, including targeted and individualised support when required. (Please refer to our *Attendance Policy* and *Maintaining an Orderly Working Environment Protocols*). Whole school practices include:

- Establishing predictable, fair and democratic classrooms and school environments
- 
- Ensuring student participation in the development of classroom and whole school expectations
- Providing personalised learning programs where appropriate for individual students

- Consistently acknowledging all students
- Empowering students by creating multiple opportunities to take responsibility and be involved in decision –making
- Providing physical environments conducive to positive behaviours and effective engagement in learning

**Inappropriate behaviours, including irregular attendance, will be supported through a staged response, including:**

- Understanding the student’s background and needs
- Ensuring a clear understanding of expectations by both students and teachers
- Providing consistent school and classroom environments
- Scaffolding the student’s learning program
- Engaging in “Restorative Practices”

**Broader support strategies will include:**

- Involving and supporting the parent/carer
- Mentoring and /or counselling
- Convening student support group meetings
- Developing individualised learning, behaviour or attendance plans
- Providing broader educational programs ( work experience, camps)
- Involving community support agencies
- Contact with the Regional Office

## APPENDIX C:

### SCHOOL

#### THE LEARNING ENVIRONMENT: RIGHTS AND RESPONSIBILITIES

**The school is a workplace.** As soon as you enter into the building you must demonstrate appropriate behaviours:

- Only ever walk through the school. Running is not part of any workplace
- Keep noise to a minimum
- Do not enter other classroom or teaching spaces
- iPods and mobile phones are not to be used. They must remain switched off.
- There is to be no graffiti

#### **In the classrooms:**

1. You and the teacher have the right to do as much work as possible, therefore:
  - Punctuality - You need to be on time
  - Come equipped - You must bring all the necessary equipment to class
  - Attention – you need to listen when others are speaking
  - Effort – you should attempt to do all work
2. You and the teacher have the right to feel comfortable and safe in the classroom, therefore:
  - You should pass all objects by hand
  - You need to speak to others politely
  - You should keep your hands to yourself
  - You should not help yourself to other students' belongings

**If you fail to respect the learning environments school based consequences will be implemented:**

**If you fail to respect the classroom environment then your teacher may implement the following actions:**

- Change your seating position in the classroom
  - Direct you to work away from the classroom
  - Direct you to work from another teacher's class for the duration of the lesson
  - Detention
  - Referral to the Principal
- 
- In extreme circumstances your teacher may ask you to leave the classroom and report to Principal without implementing any of the above

steps. The matter will be followed through by all parties. Contact with your parents may be necessary.
